Nye County Voters

To My Friends in Nye County:

I am credibly informed, that a scheme is being framed up by a political machine to send literature to the outlying districts, advising voters not to support me, for fear that a Socialist candidate for Treasurer of Nye county be elected. Later, when there is no chance to reply, this same literature is to be mailed to voters in Tonopah. I believe the voters in Tonopah understand the situation and the motives of this machine perfectly and will not be misled.

I want it distinctly understood that I do not accuse either of my opponents; neither do I think they are aware of this scheme, for so far they have treated me as gentlemen.

SANDERS FAILS TO FACE ISSUE AT A POORLY ATTENDED MEETING

District Attorney Sanders hired a hall last night and then invited his fellow sufferers to come forward and make a front for him in the great fusion movement which the voters of Tonopah have repudiated. The meeting was presided over by Thomas J. Lynch and for a long time it appeared as though there would not be a corporal's guard to cheer the lonesome group on the platform. Slowly the number swelled until at 9 o'clock the hall was half filled. The speakers fidgeted and fussed in their seats while they waited to be called and, it is safe to say, that there was not one who did not wish he was somewhere else. Mr. Sanders had it all to himself as orator of the evening, since Mr. Charles J. Slavin, candidate for sheriff, did not arrive until after the district attorney had launched his speech on the audience. Of course then there could be no turn back and at least two of the candidates who climbed upon the platform at a late hour had to climb down again without a chance to say a word. No doubt they were devoutly thankful for the respite.

The most pointed speech of the evening was that of N. K. Franklin. He said: "Gentlemen, I want to say I was appointed to the office of county treasurer to succeed the late Frank Mannix and I like the office so well that I want to go back." All that he omitted was to add "It is better than mucking at odd times in Manhattan."

Dark Lantern Dick Davis dwelt on the onerous duties of the county commissioners explaining that they had something more to do than to consider the wants of Tonopah. He pointed with pride to the baby Panama canal built by the county on Florence avenue and spoke affectionately of that creation as a work of masterful engineering attainment. Thoughtfully he refrained from saying anything about the road funds that have been sprinkled so freely between here and Duckwater while business men of Tonopah had to pass the hat to raise \$130 for the construction of a short stretch of road to connect Tonopah with the main highway passing the laundry. He referred to the auto fire truck as a pretty piece of mechanism which all citizens could admire by calling at the fire station. He refrained from saying anything about the lack of water or the failure of the town board to act on the recommendation of the Public Service Commission to establish a high pressure tank on Mount Brougher.

When Sanders unbound himself

permit him to furnish the name. After having been refused this information Billy Grimes was ordered out of the office.

This latter statement is a sample of the untruths of which the district attorney was guilty all through his discourse. Grimes did call at the Bonanza office and, in the presence of two witnesses, delivered his message and walked off without a harsh word having been uttered.

In support of this statement it may be said that Billy Grimes this morning said he never told Sanders that he had been ordered out of the Bonanza office and that he had not been told to "get out."

The meeting might be summed up in the language of a couple of spectators one of whom was slightly deaf. The deaf man constantly interrupted with inquiries to his companion. "What is he saying now?" he was heard to inquire. "Nawthin" was the laconic answer. After a lapse of ten minutes the deaf man broke in once more with the query, "What is he sayin' now?" "Just talkin'." Then after a big bunch left the hall the hard of hearing auditor asked in a subdued tone, "What's he sayin' now?"

"I don't know exactly what he intends to mean," rejoined the other in a high falsetto voice which squeaked all over the hall, "but he certainly am recommending himself most high."

A roar of laughter greeted the sally and the hand played "Yankee Doodle."
